OUTLINE OF NAN YA LCD

Nan Ya Plastics Corporation belongs to the Formosa Plastics Group, the largest private business enterprise in Taiwan with annual sales of more than US\$50 billion. Established in 1958, Nan Ya Plastics is a global leader in a variety of businesses in the plastics, chemicals, and electronics industries. Annual sales for Nan Ya Plastics are in excess of US\$5.5 billion. Nan Ya Plastics was the first manufacturer of LCD technology in 1981. In 1994, Nan Ya constructed a fully-automated factory in Taoyuan, Taiwan for the mass production of STN LCD panels and modules.

Nan Ya LCD Department has a direct headcount of over 600 employees with more than 100 engineers and managers in the technical section. In addition to STN LCD panel manufacturing expertise, Nan Ya has developed LCD modules including chip-on-board(COB), chip-on-glass(COG), chip-on-film(COF), surface mount.

Technology (SMT) and tape-automated-bonding(TAB). Nan Ya management has encouraged the development of advanced quality systems by the LCD unit with the goal of Total Customer Satisfaction, Statistical Process Control (SPC), 5M analysis and the TQM approach. The LCD department has manufacturing processes, QC effort, the inspections, reliability tests, and new product qualification tests are performed continually. The Nan Ya LCD Plant received ISO-9001 certification in 1997, ISO-14001 certification in 1998, QS-9000 certification in 2001, ISO/TS 16949 certification in 2004.
